

## **Dancing in Hades**

*by Bob Boucher 3/14*

France has lost its colonies  
Britannia no longer rules the waves  
The Soviet Union is Kaput  
The Juden are gone, resettled to  
their proper homes in Palestine.

German industry is reborn  
Mercedes now made in America  
Volkswagen owns Rolls Royce  
German Banks have all the gelt.

Hitler, Goering, Himmler  
and all their SS pals in Hell  
Celebrate Germany's rebirth  
by loudly singing Wagner while  
dancing on those red hot coals.

During this Oktoberfest  
the Devil is providing free beer  
to all his devoted disciples.
