

Government Pension Man

by Bob Boucher, June 2011

I want my pension, now give it to me!
Twenty years whoring for Arnold you see.
You get a pass, you healthy young lass!
Go back to whoring; you've got a cute ass.

I want my pension, now give it to me!
For twenty five years, with L.A.P.D.
Go lose yourself quick, you big Irish prick!
This government's broke, you're not getting dick.

I want my pension, now give it to me!
For thirty five years, with the D.W.P.
We spent all your perks, you fat assed old jerk!
This government's broke, so go back to work.

I want my pension, now give it to me!
For forty five years, a teacher you see.
Go get yourself laid, you silly old maid!
This government's broke, you'll never be paid.

I want my pension, now give it to me!
For fifty years with, the Union you see.
Go get yourself lost, you stupid old man!
Supporting your Ass was never our plan!

You want your pension?
They're broke so they say.
So let them print money.
Our children will pay!
