

# Root Canal

*By Bob Boucher 4/2012*

Tooth why are you so mean?  
So much pain I want to scream  
Why do you want to hurt me so?  
You are the meanest tooth I know.

Ow... Ow... Ow... This is it!  
You're gonna die, you little shit,  
I'll with a drill scrape out your brains  
and put an end to all these pains.

And then, when you are finally dead  
I'll fill you roots with flaxen thread,  
then bite and chew and spit on you  
and who knows what else I'll do.
